

# **3 phase inverter with battery in Angola**

## Overview

---

What is a Dura I HV inverter?

At the heart of the system is the Dura-i HV Inverter, available in sizes from 5kW to 50kW, ensuring your home or business gets the power it needs, when it needs it. Pair it with the Dura5 HV Battery, a modular storage solution that can be scaled from 5kWh to 80kWh per inverter. Need more capacity?

.

How many inverters can a Duracell energy system support?

Residential & Commercial Ready - Indoors or outdoors, small-scale or industrial—this system is built to keep you powered up. Connect up to 30 inverters in parallel and 16 batteries per inverter for unlimited flexibility. Additional units can also be added retrospectively. Connect to the Duracell Energy cloud for third party integrations.

Why should you buy a dura5 HV inverter?

Durability – The Dura5 HV lasts longer. With 8,000 cycles you get more for your money. Scalable – Connect up to 30 HV inverters in parallel for an enormous 2.4 MWh of storage. Advanced Safety Features - With integrated fire suppression, you get an extra layer of protection for peace of mind and ultimate reliability.

## 3 phase inverter with battery in Angola
