

# **Acer portable power bank**

## Overview

---

What power banks do I need to charge my Acer laptop?

Aus Power Banks offers power banks that are specifically designed to charge Acer laptops. These are the perfect thing to take with you for when you are using your Acer laptop away from power outlets or if you are looking for the freedom of still being able to move around while charging your laptop.

Does a portable power bank work with a laptop charger?

My laptop charger works very well. However, as I'm beginning to travel more, I would like to use a portable power bank to charge my laptop in the situation my current environment doesn't have any wall outlets, and have another power source in case my home experiences a power outage during a storm.

How to choose a laptop power bank?

We suggest looking for a laptop power bank with a 20,000 mAh or larger battery pack. This capacity will ensure that you can fully charge a laptop and have spare power for a phone, a tablet, and other small gadgets such as wireless headphones or earbuds. A battery pack with enough power to charge a laptop is all but guaranteed to generate heat.

What is the best laptop power bank?

The sleek Anker Laptop Power Bank is our top pick, thanks to a pair of trio USB-C outputs, a rapid USB-A port, ample battery capacity, and built-in tech to protect it from overheating. Available in silver or black, the surprisingly sleek gadget is backed by a robust 18-month warranty.
