

# Algeria builds energy solar site

## Overview

---

The Ministry of Energy and Mines in Algeria has commenced construction of an 80 MW solar power plant in Al-Abadla in the Bechar province which is part of the country's national program to build 15 solar PV plants with a combined 3.2 GW capacity across 12 provinces. When will a 300 MW solar power plant be built in Algeria?

The state-owned China State Construction Engineering Corporation (CSCEC) began building a 300 MW solar power plant in Algeria's Oued Province in March 2024 as part of the Solar 1,000 MW program. The project is slated for completion by late 2025 or early 2026.

What is Algeria doing with solar energy?

Building on the Solar 2,000 MW and Solar 1,000 MW programs launched by Algeria's state-owned company Sonelgaz, which include a wide range of solar energy initiatives, the government aims to diversify its revenue streams and reduce reliance on natural gas, which is currently primarily used for power generation in the country.

How much does solar power cost in Algeria?

Algeria's Hamdi Eurl won two 80 MW plants and domestic PV panel maker Zergoun, alongside Ozgun, secured 80 MW in Guerara. The 19 projects represent an investment of €1.8 billion (\$1.96 billion) and the solar power prices proposed by the bidders ranged from €0.54/W to €0.81/W, with an average price of €0.625/W.

Where are solar panels made in Algeria?

Alongside Zergoun, the manufacturer Laguna Solaire has 200 MW of annual capacity for solar panel production in Algeria. The production plant of Algerian telecommunications and renewable energy company Milltech has a facility in Mila, in the east of the country, with a production capacity of 100 MW for M3-based modules. Manufacturing hub

## Algeria builds energy solar site

### [Algeria Builds New Solar Plants to Expand Renewable Energy](#)

Mar 20, 2025 · Algeria has started construction on an 80-megawatt (MW) solar power plant in Bechar province. This project is part of a larger plan to build 15 solar power plants across 12 ...

### [ALGERIA: Sonatrach to Build a Solar Park for Its Oil Sites](#)

Nov 19, 2021 · Sonatrach is preparing its subsidiaries to equip themselves with solar photovoltaic power plants and according to Youcef Khanfar, the central director of new resources of ...

## Algeria

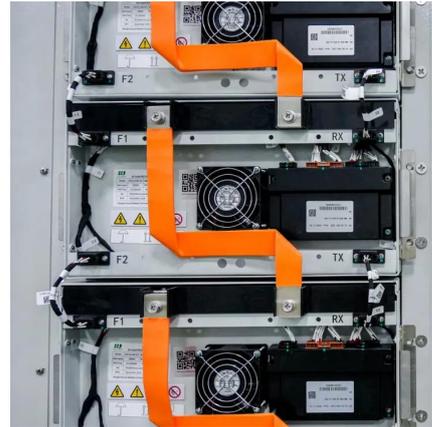

Jan 31, 2023 · Overview Algeria currently generates a relatively small amount of its electricity (e.g., three percent or 686 MW annually), from renewable sources, including solar (448 MW), ...

### [Algeria starts construction of 80MW solar project in Al-Abadla](#)
