

Arc flash switchgear for sale in Australia

Overview

What is arclogix arc flash relay?

Essential for facilities that rely on electrical power, NHP's Arclogix Arc Flash relay range provides operational protection and confidence, knowing that you are protected against electrical arcs. Arc flash detection systems and relays help mitigate arc flash incidents, swiftly activating protective measures to prevent severe damage or injuries.

What types of arc flash mitigation devices are available?

Models available: VAMP 120, VAMP 121, VAMP 125 The consequences of an arc fault and subsequent arc flash in your electrical cabinet are severe. Designed to mitigate such risks in low- and medium-voltage enclosures, PowerLogic A1 and A3 arc flash mitigation devices help ensure a safer and more reliable power distribution system.

Who makes arc flash kits?

EFO distributes a range of quality Arc Flash Kits for Electrical workers Arc Flash protection. Our Arc Flash Switching kits cover HRC2, HRC3 and HRC4 Requirements. Our Arc Flash Kits are sourced from leading brands including Arcsafe, Salisbury and Guardian.

What are powerlogic A1 and A3 arc flash mitigation devices?

Designed to mitigate such risks in low- and medium-voltage enclosures, PowerLogic A1 and A3 arc flash mitigation devices help ensure a safer and more reliable power distribution system. By detecting light generated by an arc fault, they quickly trip the circuit breaker to cut the power and minimise damage.

Arc flash switchgear for sale in Australia
