Avalu company selling outdoor power

Overview

How is the outdoor power equipment market changing?

The Outdoor Power Equipment market continues to evolve at a rapid pace, reshaping how consumers shop, which brands they trust, and what drives their purchase decisions.

Why are online retailers adjusting their inventory for electric outdoor power equipment?

Furthermore, various online retailers are adjusting their inventory to optimize new government rules and regulations for developing electric outdoor power equipment products. Based on end use, the market is segregated into the commercial and residential sector segments. The residential segment accounted for a significant market share in 2024.

How will the outdoor power equipment market grow in 2024?

In addition, changing consumer behavior in its spending power and aesthetic appeal for their gardening space is also expected to boost the market's growth. The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024.

Why is the North America outdoor power equipment market growing?

The North America outdoor power equipment industry accounted for 35.28% of the global overall market share in 2024. The regional market's growth is attributed to North America's larger geographical area compared to its population, which leads to more gardens and lawns in the region.
