

BYD inverter manufacturer

Overview

What is a BYD inverter?

BYD is a company that prides itself on the quality and safety of its products. Find out more on our social networks: BYD photovoltaic inverter range: on-grid, hybrid and pro models up to 250 kW, with IP66 protection, remote monitoring and national warranty.

Who uses BYD's photovoltaic energy solutions?

BYD's photovoltaic energy solutions are applied in small, medium and large-scale solutions for residential, commercial, industrial, rural, investors, energy concessionaires, among others. BYD has a photovoltaic plant in Campinas (SP) dedicated to Research and Development (R&D) in Brazil.

Who makes BYD solar panels?

BYD is a Chinese manufacturer of, among other things, solar panels that were available for a while in Australia. BYD stands for Build Your Dreams and was founded in 1995. Its headquarters are in Shenzhen, a city of 17.6 million people immediately north of Hong Kong.

What does BYD do?

BYD's dream is in line with what humanity needs: to change human dependence on non-renewable energy to clean energy sources. BYD's photovoltaic energy solutions are applied in small, medium and large-scale solutions for residential, commercial, industrial, rural, investors, energy concessionaires, among others. Integrated AC/DC protection.
