

# **Battery UPS Uninterruptible Power Supply Wholesale**

## Overview

---

What is a UPS battery?

As the term suggests, a UPS battery is a device that offers an emergency power supply if there is an interruption in the main power. This device differs from standby generators or other emergency power systems because it provides instant supply.

What is UPS (uninterruptible power system)?

UPS (Uninterruptible Power System), that is, uninterruptible power supply, is a constant voltage and constant frequency uninterruptible power supply with energy storage devices and inverters as the main component.
