Why should you use a 72V UPS battery cabinet?

Continuous power conditioning, zero transfer time, pure sinewave output, and scalable runtime make it ideally suited to protect critical infrastructure in both centralized and edge network applications. •External 72V UPS battery cabinet provides extended runtime during an outage.

What is a 72V lithium battery?

Unlike other batteries, our 72v lithium batteries offer twice the power of any six 12V lead-acid or AGM batteries connected in a series. Plus, they charge six times faster to leave you with minimal downtime. Fast charging is a critical feature that can also make you more productive and spend more time on your outdoor adventures.
