Battery energy storage project construction in Latvia

Overview

When will battery energy storage systems be installed in Latvia?

The most recent update regarding BESS installations is that in Tume and Rēzekne, Latvia's transmission system operator "Augstsprieguma tīkli" (AST) in June 2025 installed battery energy storage systems with a combined capacity of 80 MW and 160 MWh, which will undergo testing until October 2025.

What is Latvia's first storage battery system?

In November 2024, Utilitas Wind Ltd inaugurated Latvia's first storage battery system with a capacity of 10 MW and 20 MWh in Targale, next to the existing wind park.

Why are battery systems important for Latvenergo?

Battery systems play a crucial role in balancing the production volumes of Latvenergo and improving the flexibility of consumption. Chief Financial Officer of Latvenergo Guntars Balčūns: "This investment in battery systems is an important step in the development of our energy sector and long-term sustainability.

Who is responsible for the energy transition in Latvia?

Local authorities are responsible for municipal energy supply and renewable energy projects, with Latvia's energy transition guided by the National Energy and Climate Plan and the Energy Strategy 2050.

Battery energy storage project construction in Latvia

[Battery energy storage project construction in Latvia](#)

The project in Kern County pairs 875MWdc of solar PV and 3,287MWh of battery energy storage system (BESS) capacity, the world's largest. An earlier portion of the project came online in ...

[Latvenergo invests heavily in battery systems, plans to ...](#)

Feb 18, 2025 · A growing demand in the energy market for battery energy storage system (BESS) technologies is developing currently, and the trend is expected to remain stable in the future.

[Latvia: Latvenergo to deploy 250MW/500MWh BESS by 2030](#)

Feb 24, 2025 · A solar PV plant in Latvia that Latvenergo deployed via subsidiary Elektrum. Image: Latvenergo. Latvia state-owned utility and power generation firm Latvenergo intends to ...

[Latvia adds big batteries to complete grid sync with Europe, ...](#)

Oct 30, 2025 · The addition of two utility-scale battery energy storage systems (BESS) in Latvia marks the final milestone in synchronizing the Baltic power grids with continental Europe, ...

[Latvenergo plans 250 MW of energy storage ...](#)

Feb 24, 2025 · Latvian state-owned utility Latvenergo AS has decided to invest in a new business area in its portfolio with plans to install 250 ...

[Latvenergo plans 250 MW of energy storage by 2030](#)

Feb 24, 2025 · Latvian state-owned utility Latvenergo AS has decided to invest in a new business area in its portfolio with plans to install 250 MW/500 MWh of battery energy storage capacity ...

[Latvia's path to energy transition: Expanding ...](#)

Jun 19, 2025 · Latvia's Recovery and Resilience Plan plays a key role in the energy transition, supporting economic recovery through major ...

[Latvia solar battery: Impressive 65 MW Project to Stabilize Grid](#)

Nov 21, 2025 · Latvia is taking a major leap forward in its renewable energy transition with the development of a hybrid 65 MW solar park and a 92 MWh battery energy storage system ...

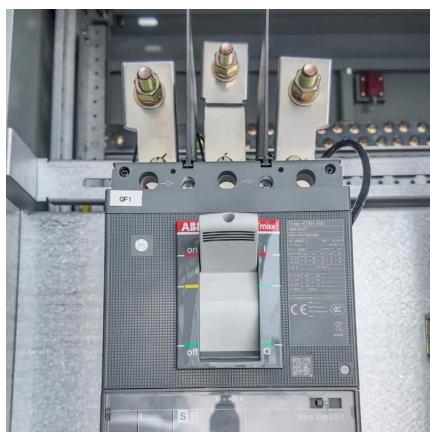

[Latvia's largest battery energy storage system unveiled](#)

Nov 1, 2024 · This autumn, the Battery Energy Storage System (BESS) will be connected to the Latvian electricity transmission system, contributing. The total project investments amount to ...

Latvia's path to energy transition: Expanding renewable energy ...

Jun 19, 2025 · Latvia's Recovery and Resilience Plan plays a key role in the energy transition, supporting economic recovery through major investments in renewables like wind, solar, and ...

European Energy divests combined solar and battery park in Latvia ...

Oct 24, 2025 · The Saldus project combines a 65 MW solar PV facility with a 46 MW battery energy storage system (BESS). Construction began in July 2025 and is expected to be ...

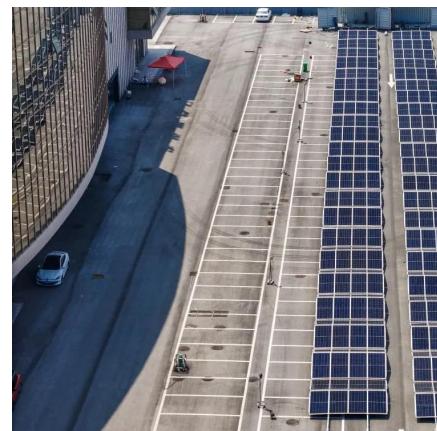

[Latvia's largest battery energy storage system ...](#)

Nov 1, 2024 · This autumn, the Battery Energy Storage System (BESS) will be connected to the Latvian electricity transmission system, contributing. ...

Latvia's Energy Landscape Evolves with New Battery Storage Project

Nov 8, 2024 · The opening event was attended by guests and dignitaries including Latvia's climate and energy minister Kaspars Melnis, who said that hybrid energy parks that combine ...

[Latvia: Latvenergo to deploy ...](#)

Feb 24, 2025 · A solar PV plant in Latvia that Latvenergo deployed via subsidiary Elektrum. Image: Latvenergo. Latvia state-owned utility and ...
