

# **Berlin solar supporting energy storage requirements**

## Overview

---

What is solarzentrum Berlin?

To start tapping more into the potential of solar energy, both in the private and the public sector, the SolarZentrum (solar centre) Berlin was opened in May 2019. It is a component of the “Masterplan Solarcity”, which works as an independent advisory centre on the topic of solar energy (SolarZentrum Berlin, only in German).

Does Berlin have a solar calculator?

As part of updating Berlin’s Energy Atlas, the frequency and quality of the data on solar systems, especially those with photovoltaics, will continually be optimised. Since May 2022, a digital version of the solar calculator has also been available as one of the measures of the “Masterplan Solarcity” (SenWEB 2019).

How many solar energy storage systems have been evaluated by HTW Berlin?

22 home storage systems have been evaluated by the HTW Berlin, including new products from Fox ESS, Fronius, Kostal and SAX Power. March 6, 2025 22 solar energy storage systems from a total of 17 manufacturers have been evaluated by the HTW Berlin University of Applied Sciences in this year’s Energy Storage Inspection.

Are solar panels mandatory in Berlin?

The set of measures stipulated in the master plan is accompanied by the Berlin solar law. Solar panels have been mandatory since January 1, 2023. The installation and operation of photovoltaic systems have been mandatory since then for new and existing buildings under certain conditions (SenK 2021).

## Berlin solar supporting energy storage requirements

---

### [Industry Update , New Solar Regulation in Germany: What It ...](#)

Mar 1, 2025 · Energy storage can help solar operators manage revenue losses by storing excess generation during peak hours and selling electricity when market prices are more favorable. At ...

### Solar Systems 2023

Nov 8, 2023 · As part of updating Berlin's Energy Atlas, the frequency and quality of the data on solar systems, especially those with photovoltaics, ...
