

# **Bess system for solar factory in Argentina**

## Overview

---

How much is a battery energy storage system (BESS) project worth?

The Energy Secretariat of Argentina's Ministry of Economy has launched a global tender for 500 MW of battery energy storage system (BESS) projects in the Metropolitan Area of Buenos Aires' (AMBA) critical nodes. The project's estimated value is \$500 million, with an execution period of 12 to 18 months.

How many MW of battery energy storage in Argentina?

Argentina's government said on Monday it has awarded contracts for 667 MW of capacity in its first tender dedicated to battery energy storage systems (BESS), exceeding its original 500-MW target by about 30%. Energy storage battery. Photo by Anna Vasileva.

Can battery energy storage modernize the grid in Argentina?

The. Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico) confirming the submission of 27 project proposals from 15 companies under its AlmaGBA program.

Who will sign the energy storage contracts in Buenos Aires?

The energy storage contracts will be signed with leading electricity distributors in Buenos Aires, Edenor, and Edesur, while the Wholesale Electricity Market Administration Company (CAMMESA) will be the guarantor.
