

# **Best wholesale substation breaker Buyer**

## Overview

---

What are substation circuit breakers & reclosers?

Substation circuit breakers and reclosers are considered critical assets, given their important role in network protection. They are used in the network to open and close (i.e. switch) an electrical circuit under normal and fault conditions, providing safe operational control.

What is the preferred option for a substation circuit breaker?

The preferred option for this business case is Option 2 – Risk Based Replacement. Under this option, substation circuit breakers and reclosers are considered for replacement once the benefits that result from their replacement outweigh the costs of doing so (assessed via a quantitative risk assessment process). 4.2 Scope of preferred option.

Where can I Sell my circuit breakers products?
