

# **Bulgaria s extra-large folding containers**

## Overview

---

What is a large plastic bulk container suitable for?

Our large plastic bulk containers are suitable for: With high load capacities and a durable all-plastic design, ORBIS reusable bulk containers are designed to store and transport heavy-duty parts in automotive supply chains. Our XXLPaks can protect even large and bulky items during storage and transportation.

What is a large bulk container with fixed walls?

ORBIS offers a variety of large bulk containers with fixed walls. Designed to hold 900 kg and to replace wire baskets, these robust containers are built for long-lasting durability in heavy-duty applications. Our large plastic bulk containers are suitable for:.

Are large plastic bulk containers better than steel containers?

Compared to steel containers, large plastic bulk containers offer a lighter tare weight with similar stability and weight capacity. XXLPaks are durable and robust and bring increased sustainability and efficiency to the industrial supply chain. All large bulk containers are available with dust covers in custom sizes.

How are Orbis large plastic bulk containers made?

ORBIS large plastic bulk containers with extended length are manufactured using a special manufacturing process for increased durability and robustness while featuring a relatively low tare weight. The process allows the use of high percentages of recycled material, saving CO2 emissions during the production process.
