

Customized energy storage cabinets for heavy industry in Auckland New Zealand

Overview

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

What types of cabinets are available in NZ?

Choose sloped or flat roofs for indoor installs in dairy, food, or freezing works—or weatherproof pillar, kiosk, monstrostyle, and data rack cabinets for outdoor use in mining, security, EV charging stations, and more. All cabinets are made to perform in NZ's toughest conditions. Forget uncertainty, shipping delays, or second-guessing the spec.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.

Where are PFS electrical cabinets made?

At PFS, we build electrical cabinets that are made to measure, engineered to last, and built right here in Hamilton, New Zealand, and shipped nationwide. Whether you're dealing with space constraints, harsh conditions, or tight timelines, we make it easier to get the enclosure you need without the hassle.
