

DC Power Storage Container for Tokyo Wastewater Treatment Plant

Overview

What is an intelligent containerised waste water treatment plant?

Intelligent containerised waste water treatment plants are ready to use immediately on delivery. A containerised portable waste water treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary.

What is a containerised portable waste water treatment plant?

A containerised portable waste water treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary. In addition to that, the systems are modular so that they can work together in a variety of combinations effectively dealing with variable waste water volumes to achieve any effluent quality.

Will Fukushima Daiichi plant dismantle treated water tanks?

Tokyo Electric Power Company has announced plans to start dismantling treated water tanks at the Fukushima Daiichi nuclear power plant site, primarily to clear space needed to store nuclear fuel debris to be extracted from the damaged reactors. Water storage tanks at the Fukushima Daiichi plant site (Image: Tepco).

What is intelligent integrated waste water treatment container?

Based on AAO-MBR technology, our patented intelligent integrated waste water treatment container is a new type of waste water treatment container with high-throughput plate microfiltration membrane as the core component.

DC Power Storage Container for Tokyo Wastewater Treatment Plant

[Dismantling of water tanks to start at Fukushima Daiichi](#)

Feb 6, 2025 · Tokyo Electric Power Company has announced plans to start dismantling treated water tanks at the Fukushima Daiichi nuclear power plant site, primarily to clear space needed ...

[Intelligent containerised waste water ...](#)

3 days ago · TLS supplies intelligent mobile and containerised waste water treatment plant or sewage treatment plant container, which can be ...

[Water and wastewater , Sulzer](#)

Sulzer offers a broad range of pumps and related equipment for water production and transportation as well as wastewater collection and treatment for municipalities and industries. ...
