# Dhaka Communication Green Base Station Construction Project

## Overview

---

Will DMTCL build underground metro rail in Dhaka?

To establish an advanced communication system in the traffic-congested city of Dhaka, the plan to construct an underground metro rail is considered a timely and appropriate decision by the Mass Transit Company Limited (DMTCL). In a press release sent to the media on Monday.

How long is Dhaka's first underground metro rail?

In a press release sent to the media on Monday, Project Director of Dhaka Mass Rapid Transit Development Project (Line-1), Md Abul Kashem Bhuiyan, said that Bangladesh's first underground metro rail, MRT Line-1, spans a total length of 31.241 kilometres.

Will Dhaka have a high-speed underground metro rail project?

Major cities worldwide have constructed high-speed underground metro rails many years ago, providing uninterrupted transportation services to urban residents for decades. Several experienced construction companies from developed countries will be employed for Dhaka's underground metro rail project.

What is the proposed Dhaka urban regeneration project?

Its urban core, despite having rapid economic growth on its periphery, has stagnated due to increasing pressures on infrastructure, basic services, land and housing, and environment. The Proposed Dhaka Urban Regeneration Project (Project) aims to improve urban infrastructure and services in selected core areas of Dhaka.
