

MODERNIZATION SOLAR

Georgia solar solar container lithium battery group

Overview

Who is LG Energy Solution?

LG Energy Solution is a leading global manufacturer of lithium-ion batteries for electric vehicles, mobility, IT, and energy storage systems. With 30 years of experience in revolutionary battery technology and extensive research and development (R&D), the company is the top battery-related patent holder in the world with over 58,000 patents.

Who owns HL-GA Battery Company?

Hyundai Motor Group and LG Energy Solution committed an investment of more than \$4.3 billion to establish HL-GA Battery Company. Our battery cell manufacturing joint venture is strategically located outside beautiful Savannah, Georgia and is scheduled to start production early 2026.

What are the features of a containerized energy storage system?

The containerized energy storage system includes: BESS, PCS, PDS, STS, EMS, auxiliary power distribution system, air conditioning system, and fire protection. ● Available in Wall, Rack, Stacking, and Wheeled styles. ● APP cloud communication. ● Three output modes. ● Four charging modes.

Who is HL-GA battery?

HL-GA Battery is committed to creating a more sustainable future powered by American workers. LG Energy Solution and Hyundai Motor Group have long been partners in the field of electrification. LG Energy Solution worked with Hyundai Motor Group to supply EV batteries for vehicles, including Elantra Hybrid, Kona Electric, and IONIQ 6 dedicated EV.
