**MODERNIZATION SOLAR**

# Huawei Dominica generator container

## Overview

What is Huawei ids1000c series container data center solution?

Huawei IDS1000C series container data center solution includes independent IT, power and cooling containers for standard configuration. Meanwhile, control container and 20ft-power container are optional.

What is Huawei ids1000a all-in-one container data center?

Huawei IDS1000A All-in-one container data center is a one stop infrastructure solution integrating power, cooling, cabinet, fire-control, cabling, monitoring, grounding and lightning system. It two standard products includes 40ft and20ft. Above configuration can be partially customized according to customer needs.
What is cloudpower ids1000 container data center?

To solve the troubles, Huawei launched CloudPower IDS1000 container data center, which highly integrated power supply and distribution system, environmental monitoring, cooling systems, racks, cabling, fire control, security and other infrastructure facilities in standard shipping containers. It complies with customers' diverse business needs.

What is Huawei digital power?

Huawei Digital Power is dedicated to enhancing the safety and stability of renewable integration by combining digital and power electronics technologies, leveraging technical experience and collaborating with global power companies, grid operators and electricity providers.
