

# Irish Electric Power Generation Group Generators

## Overview

---

What are EirGrid electricity generators?

These are generators already connected to the transmission system operated by EirGrid, and those who have signed future connection contracts with us. Electricity generators can be: EirGrid is the Transmission System Operator (TSO) and ESB Networks is the Distribution System Operator (DSO).

Which Irish power plants will start generating electricity in 2024?

Three of the plants, two in Dublin and one in Shannonbridge, Co Longford, will begin generating electricity this winter, while the fourth, in Tarbert, Co Kerry, will come on stream in 2024, according to the Commission for the Regulation of Utilities (CRU).

Why are there emergency power plants in Ireland?

The emergency power plants are part of an overall CRU programme to boost electricity generation and to stabilise the Irish power supply system. In recent years, growing demand and a squeeze on supplies prompted several formal warnings to operators that electricity reserves were dangerously low.

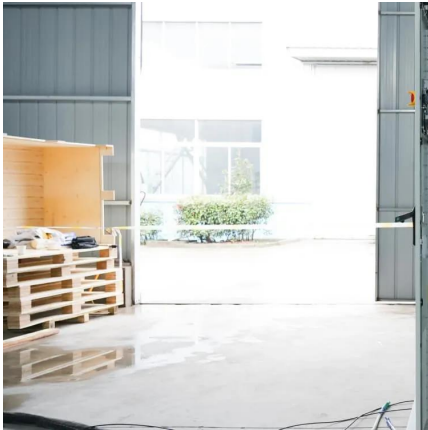

Who is Powergen?

With over 20 years of experience, PowerGen is Ireland's trusted provider of reliable industrial and commercial generator solutions. We specialise in generator sales, servicing, and rentals, delivering end-to-end power solutions tailored to your business needs.

## Irish Electric Power Generation Group Generators

---

### [Electricity Generation , Annual Energy Data , SEAI](#)

2 days ago · Electricity generation Review data related to the energy input to and the electricity output from Ireland's transformation electricity production activities. Definitive annual data from ...

### [Irish Electric Power Group Power Generation](#)

Nov 1, 2025 · Overview Electricity generators in the Republic of Ireland are ESB, SSE, Synergen (70% ESB), Edenderry Power, Endesa-Ireland and Huntstown (Viridian). ESB owns the ...

### Ireland

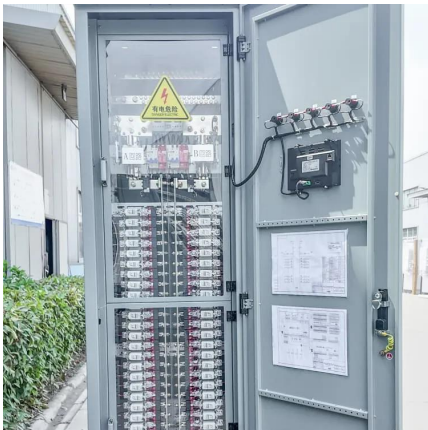

Jan 25, 2024 · In the face of strong international competition, U.S. companies have achieved success in supplying technology, equipment, and systems to Irish power generation operators. ...

### Number of Large Fossil-fuel Generators That Must Operate on Ireland...

Apr 15, 2024 · The reduction means that the all-island electricity grid can now operate with 7 large conventional fossil-fuelled generators in

total, 4 in Ireland (down from 5) and 3 in Northern ...

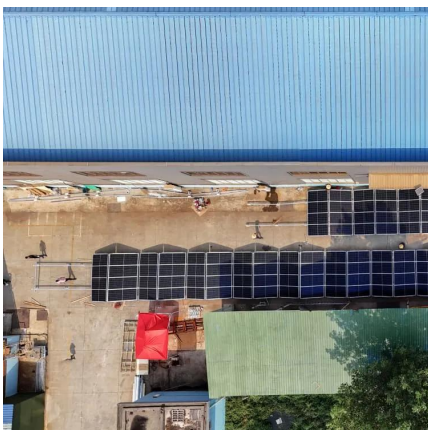

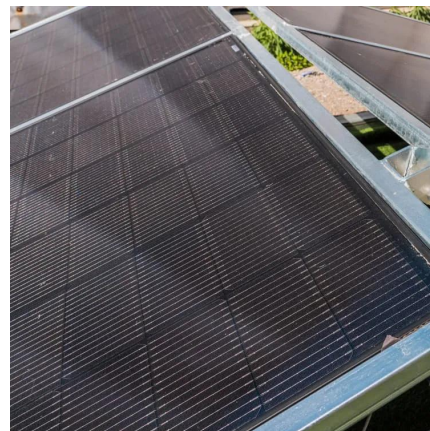

### Import dependence and fuel mix in electricity generation

How should we decide what generation sources we use in the future? Ireland's energy policy, and the way Irish electricity generators decide their power generation sources, are largely based ...

### Connected and Contracted Generators

The following documents provide information on generators in Ireland. These are generators already connected to the transmission system operated by EirGrid, and those who have ...

### **Power Generation**

Nov 26, 2025 · Utilising our Power Generation Capabilities As a result of divesting ageing plant and investing in highly efficient modern plant, Ireland now has plentiful supplies of clean energy ...

## 80% of data centre energy must come from renewables

2 days ago · Data centres will be required to meet at least 80% of their annual energy demand with additional renewable electricity projects generating in the Republic of Ireland.

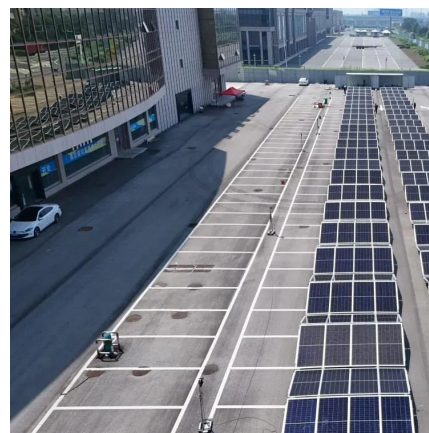

## Emergency generators to tackle electricity shortage

Oct 16, 2023 · The Government sought emergency planning permission for four temporary gas-fired electricity generators, in counties Dublin, Longford and Kerry this year, in a bid to boost ...

## Generators Ireland , Sales, Hire & Service , PowerGen

PowerGen supplies generators and parts across Ireland. Buy diesel generators, AVR, controllers, chargers, heaters and get expert service with fast delivery.
