

MODERNIZATION SOLAR

Latest on Valletta grid energy storage policy

Overview

Does Italy have a utility-scale battery storage market?

The utility-scale battery storage market in Italy is drawing huge interest and development activity, writes Solar Media Market Research analyst Josh Cornes. Energy-Storage.news Premium speaks with Michael Kirschner, Managing Director, US, for Habitat Energy, about optimising BESS projects in ERCOT.

Will Hidroelectrica install battery storage at its hydro power plants?

Romania's Hidroelectrica to install battery storage at its hydro power plants. The state-owned utility aims to enhance grid flexibility by installing energy storage systems at all of its run-of-river hydropower plants.

What is the enervis Battery Storage Index?

Enervis Battery Storage Index: Revenues recover in August following July slump. The index provides independent assessment of historical and potential revenues for large-scale battery energy storage systems (BESS) in Germany.

How much money has eolian secured for energy storage?

US energy storage businesses secure more than \$1 bn in flurry of deals. Eolian, Energy Vault, NineDot and Greenflash have secured more than a billion dollars between them to advance their energy storage plans.
