London Energy Storage Inverter

Overview

What is solar & storage Live London?

Solar & Storage Live London showcases global solar and energy storage solutions alongside complementary products and services for residential, commercial, industrial and large-scale utility projects.

When is solar & storage Live London 2026?

The April edition, Solar & Storage Live London, launched in 2024 and was an overwhelming success. Returning for its third year in 2026, the show is set to grow even bigger, featuring over 200 global exhibitors and 200 speakers. More than 10,000 industry professionals are expected to attend over the two days.

What is solar & storage live?

Solar & Storage Live offers you a unique opportunity to connect with a large and exceptionally senior audience. It provides meeting spaces, networking opportunities as well as sponsorship/exhibition opportunities to meet your companies specific marketing and business development needs. "The place to be for anyone in the renewable industry.".

What is an expandable energy storage system?

This smaller system allows homeowners to reap the benefits of energy storage with an expandable system – the initial unit has a 6.4kWh capacity, but can be linked with up to seven other modules that increase capacity by 3.2kWh each, offering a total expandable capacity of 25.6kWh.
