

Micro generator to charge solar container outdoor power

Overview

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

What is a containerised mobile solar power generator?

It is the first containerised mobile solar power generator that is specially designed for fixed deployment. This system is suitable for both on-grid and off-grid use, and can be redeployed in less than 24 hours without the need for specialist labour.

Can you put solar power in a shipping container?

There are many ways to skin a cat, and even more ways to add solar power to a shipping container. To be fair, I cheated a bit. Well, not really cheated, but I just went with a retail solar generator system instead of DIYing that part myself from à la carte components.

Can a containerized Solar System be installed off-grid?

Off-Grid Installer have the answer with a containerized solar system from 3 kw up wards. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required.

What is a Mobil-grid® solar power generator?

The Mobil-Grid® is a plug-and-play PV power generator with a built-in control cell housed within a semi-mobile container. It is the first containerised mobile solar power generator that is specially designed for fixed deployment.
