

Moresby Port National New Energy Station

Overview

What is Port Moresby power station?

The Port Moresby Power Station will provide reliable power to Port Moresby and is the lowest cost dedicated grid connected thermal generation in the country. Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG.

Will niupower Port Moresby power station save png?

“ NiuPower is pleased and proud to have developed PNG’s first ever dedicated grid-connected gas fired power station. Our customer, PNG Power Limited, are on record as saying that the NiuPower Port Moresby Power Station coming online will save them, and thus the nation, up to K100 million annually.

What is 2020 Energy doing in Papua New Guinea?

Twenty20 Energy is working with PAWA PNG on a floating power island project that will deliver an integrated liquid natural gas (LNG) logistics and power generation solution to meet Papua New Guinea’s (PNG) energy and electrification objectives now and for the future.

What is the Pawa PNG Power Island project?

The PAWA PNG Power Island Project is a product of Twenty20 Energy’s proprietary Power Island FSRP technology, which consists of fuel barges, power barges and floating piers.
