

North Africa Energy Storage Batteries

Overview

Could locally produced batteries be a solution to Africa's energy crisis?

“With Eskom ’s new 1.4 GWh energy storage project, locally produced batteries may provide a good opportunity for a true local solution to an urgent need,” says Naicker. “The lack of affordable batteries has prohibited the mass-penetration of much-needed energy storage solutions throughout Africa,” he adds.

Where do African buyers buy automotive batteries?

A large number of African buyers are also buying their requirements for automotive batteries from suppliers, wholesalers of batteries in Dubai. The manufacturers are being supported in their campaign by their respective revenue authorities, national environmental bodies, trade ministries and, notably, the East African Community.
