

# **North America Power Generation Container Customization**

## Overview

---

What are containerized generator / packaged container and enclosure options?

Containerized generator / Packaged container and enclosure options provide alternatives to installations in existing or new buildings. We have significant experience with pre-packaged container and enclosure solutions for engine-generator sets, balance of plant equipment, and switchgear.

Why do you need a containerized generator enclosure?

Our containerized generator enclosures offer unparalleled flexibility, durability, and convenience, making them the ideal choice for various industries and applications. Read on to discover why BMarko Structures is your go-to partner for all your containerized generator enclosure needs. Fill Out Our Contact Form Below To Get Started!.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

What is a Tier 4 containerized generator?

Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers.

## North America Power Generation Container Customization
