What are outdoor solar lights?

Outdoor solar lights simplify exterior illumination, offering beautiful, functional lighting without the need for wiring. These lights are available in a variety of forms to help improve home safety and security, light up patios and walking paths, or create a cozy glow around your lawn, garden, or pool.

Do solar exterior lights need an outlet?

Solar exterior lights need little more than a sunny spot to charge—no outlets or extension cables are required. This also allows for more flexibility during placement, since they don't need to connect to an outlet. Outdoor solar lights can go just about anywhere as long as the solar panel receives enough sunshine.
