Oslo Communications 5G Base Station Branch

Overview

Does Telia have 5G in Oslo?

To access Telia's 5G network in Oslo, you need a mobile subscription from Telia and a phone that supports the new technology. However, those in rural areas of Norway may have to wait until as late as 2023 for full national 5G coverage. In September, Ice joined the 5G party with a network launch in Tromsø.

How many 5G mobile devices are connected to Telia's network in Norway?

Today, 1.6 million 5G mobile devices are already connected to Telia's network in Norway, with many customers accessing the internet solely through 5G wireless broadband. 5G's Norwegian numbers tell their own story.

Does Norway have a 5G network?

Telia has delivered a private 5G network to Norway's armed forces in which mobile traffic is separated from the rest of the national network, providing flexible and secure communication.

Who owns 5G in Norway?

No one company owns 5G. It is planned and managed by the 3rd Generation Partnership Project (3GPP), a consortium of companies and organisations including infrastructure suppliers, device manufacturers, mobile network operators and vertical service providers. Which mobile operators support 5G in Norway?
