

# **Portable power source factory in Hungary**

## Overview

---

What are the top 10 battery manufacturers in Hungary in 2025?

This article introduces the top 10 battery manufacturers in Hungary in 2025 such as; CATL, Sunwoda, BYD, EVE Energy, CALB, SK On, Samsung, SDI, GS Yuasa, Inzi Controls, Huayou Cobalt. Last Updated on June 12, 2025.

Does Samsung have a battery factory in Hungary?

Samsung SDI, the battery manufacturing arm of Samsung, is expanding its presence in Hungary to meet the growing demand for electric vehicle (EV) batteries. The company is currently expanding its second battery factory in the country, with completion expected by September 2024.

Should Hungary invest in EV battery plants?

Within the European Union, Hungary puts a particularly high stake on EV battery plants, in the hope that it will find itself among the leading countries of an emerging industry within a few years. Commitment to green mobility is not the only motivation for attracting large battery manufacturers to the small Central European country.

Which Chinese EV battery companies are launching a European production plant in Debrecen?

In May 2023, another major battery industry investment was officially announced on the Hungarian media: EVE Power, another powerful Chinese participant of the EV battery industry, will establish its first European production plant in Debrecen.
