Portugal Porto Energy Storage Power Station Project

Overview

What does Eco Wave Energy say about the Portugal project?

Eco Wave Energy said about the so-titled Portugal Project: “We believe this will be the first commercial-scale wave energy project in the world and therefore, a significant step towards wave energy commercialization”. Despite the scale, this isn’t the company’s first or largest project.

How much money will Portugal spend on energy storage projects?

This included six projects from Spain’s Iberdrola, which secured nearly EUR 20 million in public funding. Portugal’s Ministry of Energy has announced that it has allocated EUR 100 million (\$104.2 million) to 43 energy storage projects which should be installed by the end of 2025.

Is Portugal leading the way in wave energy commercialization?

“Portugal is not only a global leader in renewable energy it is now leading the way in wave energy commercialization,” said Inna Braverman, Founder and CEO of Eco Wave Power. “By securing grid connection for our first 1MW station, we are turning vision into reality.

How many projects were selected in Portugal's 2025 energy storage procurement?

A total of 43 projects were selected from 79 applications in Portugal’s 2025 energy storage procurement. This included six projects from Spain’s Iberdrola, which secured nearly EUR 20 million in public funding.
