

Price of solar glass panels

Overview

What are PV solar cell glass price developments?

This post is a summary of the PV solar cell glass price developments. The price developments of PV solar cell glass are expressed in US\$ prices converted FX rates applicable at the time when the price was valid. PV solar cell glass price index developments are calculated from multiple separate sources of data to ensure statistical accuracy.

How much does solar glass cost?

The cost of solar glass will vary depending on which installer you choose, but one of the leading manufacturers is Polysolar UK. Polysolar offer an orange-tinted panel which costs around £175 per square metre and a new grey-tinted version which is more efficient and is around £250 per square metre.
