

# **Qatar Forest Solar Power System**

## Overview

---

Who is building a solar power plant in Qatar?

State-owned petroleum firm QatarEnergy has awarded a contract for the construction of the 2,000MW Dukhan solar power plant. The agreement was signed between the client company and South Korea's Samsung C&T, about 80 kilometers west of Doha. The plant will double Qatar's solar generation capacity once completed.

How will a solar power plant benefit Qatar?

The agreement was signed between the client company and South Korea's Samsung C&T, about 80 kilometers west of Doha. The plant will double Qatar's solar generation capacity once completed. This will facilitate in the supply of up to 30% of Qatar's total peak electricity demand.

What is Qatar's Solar Energy Future?

Qatar's solar energy future is steadily developing. With average daily sunshine of around 9.5 hours, low-cloud cover conditions and plentiful space, there is great scope for small, medium as well as large-scale solar power projects in the country.

Is Qatar a good place to develop solar energy?

Qatar boasts the ideal conditions for developing solar energy with its exceptional sunshine and vast unoccupied spaces. This is where the Al Kharsaah solar power plant, developed by TotalEnergies and its partners QatarEnergy and Marubeni, was inaugurated in October 2022.

## Qatar Forest Solar Power System

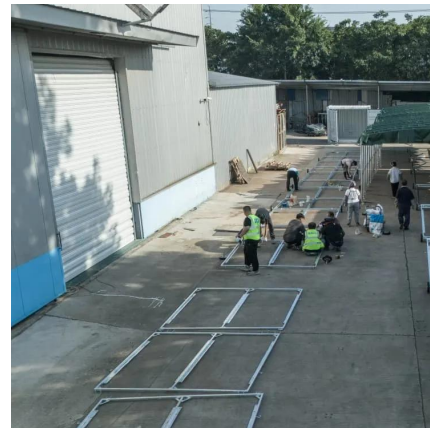

### [Green growth taking root in the desert](#)

Dec 10, 2012 · Commercialization of green technology The first cucumbers grown in the desert using sea water and solar power are served to invited ...
