

MODERNIZATION SOLAR

San Jose Communications Professional Inverter Manufacturer

Overview

Who makes power inverters?

EPC Power is the only manufacturer in North America producing grid-scale power inverters. A power inverter is a device that converts electricity between AC (Alternating Current) and DC (Direct Current). AC electricity is the type that powers our homes through power lines, while DC electricity is commonly supplied by batteries.

Who is Sineng electric?

Sineng Electric is a global leader in power electronics, specializing in the development and production of advanced photovoltaic (PV) inverters, energy storage inverters, and digital power products.

Who makes solar PV inverters?

Other major players in the solar PV inverter industry include Fronius (Austria) and Schneider Electric SE (France), as well as Enphase Energy, Morningstar Corporation, and Tesla (all three companies from the United States). Fronius inverters are suitable for varied customer requirements—from a family home to a large-scale system.

Is Sineng a good power inverter manufacturer?

Known for its engineering excellence, consistent quality, and brand influence, Sineng has earned recognition as a BloombergNEF Tier 1 power inverter manufacturer and ranked No. 4 globally in PV inverter shipments for two consecutive years in 2023 and 2024.
