

# Shelter solar container outdoor power

## Overview

---

What is a solar container?

Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility.

Why should you choose Sels solar charging shelters?

Tailored for the great outdoors, this shelter not only blends seamlessly with nature but also ensures a reliable power source for both personal devices and essential equipment, redefining the concept of sustainable and accessible wilderness amenities. SELS Solar charging shelters have a modern and applicable design.

What is a mountain shelter?

Introducing the "Mountain Shelter," a pioneering solar shelter designed and manufactured by our team. Crafted from durable WPC material, this innovative structure seamlessly integrates sustainability with functionality. Boasting three wireless chargers, two USB, and two USB-C ports, it caters to a variety of devices.

How many USB ports does the mountain shelter have?

Boasting three wireless chargers, two USB, and two USB-C ports, it caters to a variety of devices. Additionally, two 120-volt outlets accommodate larger electronics. What sets the Mountain Shelter apart is its industry-first wheelchair charging apparatus, promoting inclusivity on trails and in the wilderness.
