# Singapore BESS Uninterruptible Power Supply

## Overview

---

Why should Singapore implement an uninterruptible power supply (UPS) system?

This transition allows traffic control and telecommunications systems to continue functioning at optimal levels without interruption. For sectors in Singapore that rely heavily on uninterrupted power, such as data centres, healthcare facilities, and government operations, implementing a robust uninterruptible power supply (UPS) system is crucial.

What is an uninterruptible power source (UPS)?

An uninterruptible power source (UPS) is an electrical equipment that provides emergency power supply to a electric load when the input power source or mains power fails. A UPS differs from an auxiliary or emergency power system or standby generator in that it will provide near-instantaneous protection from input power.

Why should you use an UPS system in Singapore?

However, in Singapore, like in many places, power disruptions such as blackouts, voltage fluctuations, and power surges can occur unexpectedly, posing risks to our valuable electronics. This is where a UPS (Uninterrupted Power Supply) system steps in as a reliable solution to safeguard against such disruptions.

Where to buy Opti ups / computer backup battery in Singapore?

Supreme Power specialize in supply UPS (Uninterruptible Power Supply)/ Computer Backup Battery in Singapore. Product Range include OPTI UPS, ELEN UPS, Marstech Battery and other computer backup battery. Supreme Power is the sole distributor for OPTI UPS in Singapore.
