

MODERNIZATION SOLAR

Single-axis inverter 37 kW power

Overview

Does Solax work with all inverters?

Compatible with all inverters: Your Solax inverter is connected parallel to your home. It naturally detects the power needed to answer your power needs if your solar panels' production is currently insufficient. In the evening, the inverter discharges your batteries for self-consumption.

Where can I buy a hybrid inverter?

You can buy this hybrid inverter exclusively on Alma Solar. Thanks to this inverter, you can add a storage battery to an existing photovoltaic installation. The SolaX X1 Retrofit answers your electrical needs in a smart way by selecting the most economical source between your solar panels, batteries and the network.

Which hybrid solar inverter is right for You?

The X1-Hybrid LV series, available from 3kW to 6kW, combines a user-friendly LCD screen to meet modern residential energy needs. The inverter also features easy generator and microgrid integration, making it an ideal choice for a wide range of hybrid solar applications.

How does the Solax retrofit inverter work?

It is the only inverter that operates without connection to the panels. With a 3.7 kW battery output power, this Solax Retrofit inverter connects to your domestic lithium batteries. Thanks to its integrated Internet communication, it sends all your data directly to the Solax servers. Create an account and you can supervise your installation.

Single-axis inverter 3.7 kW power

[SolaX X1 HYBRID LV , 3kW/4kW/5kW/6kW ...](#)

Nov 5, 2025 · The SolaX X1 HYBRID LV single phase inverter from SolaX Power is available in multiple models with power ratings of 3kW, 3.7kW, ...

[Solax Power X1 G4 3.7kW Single Phase Hybrid Inverter](#)

The Solax power X1 Hybrid Inverter G4 is the fourth generation of Inverters in this current line. The G4 incorporates new improvements whilst retaining the key features from previous ...

[SolaX 3.7kW G4 X1-Hybrid Inverter](#)

SolaX 3.7kW G4 X1-Hybrid Inverter - with Wi-Fi
View all SolaX X1 G4 Hybrid (Single Phase)
Supports up to 150% over-sizing Fast charging and high power discharge Remote units ...

[Solax inverter X1 Retrofit 3.7kW](#)

Thanks to the Solax meter, the inverter measures and regulates the power output to avoid the injection of excess solar production into the grid. Single-phase: Solax Retrofit operates in ...

[Solax Hybrid Inverter G4 X1 3.7-D](#)

Solax Hybrid Inverter in the X1 series Experience the unrivaled power of our advanced hybrid Inverter, combining efficiency, safety, and intelligence, with a simplified design for easy one ...

[Solax X1 Hybrid G4 Single Phase Inverter 3.7kW](#)

Experience the cutting-edge technology of the Solax X1 HYBRID G4 3.7kW Hybrid Inverter. Designed for seamless integration and maximum efficiency, this advanced inverter offers a ...

[3.7 kW Single Phase Output Frequency Inverter](#)

3.7kW inverter with rated current 25A, input frequency 47~63Hz, starting frequency 0.40Hz~20.00Hz. With 220/230/240V AC single phase input for household supply, single ...

Solax Power 3.7kW LV single-phase hybrid inverter

The X1-HYB-LV series inverter can be used with different capacities of SolaX battery. The inverter is equipped with multi-channel MPPT for DC input to ensure maximum power even under ...

Single Phase Hybrid Inverter 3.7kW , Solax ...

Solar Solutions PV Inverters Description Solax Single Phase Hybrid Inverter 3.7 kW - High Voltage SolaX Power is delighted to announce the launch ...

SolaX X1 HYBRID LV , 3kW/4kW/5kW/6kW Hybrid Inverter

Nov 5, 2025 · The SolaX X1 HYBRID LV single phase inverter from SolaX Power is available in multiple models with power ratings of 3kW, 3.7kW, 4kW, 4.6kW, 5kW, and 6kW. Dual MPPT. ...

Single Phase Hybrid Inverter 3.7kW , Solax Hybrid Inverter

Solar Solutions PV Inverters Description Solax Single Phase Hybrid Inverter 3.7 kW - High Voltage SolaX Power is delighted to announce the launch of the eagerly anticipated third ...
