

# **Solar power satellite factory in Mexico**

## Overview

---

The new plant, located in Puebla, aims to supply solar energy to schools, rural communities and the agricultural sector, with an investment of more than MXN 325 million and the generation of more than a thousand jobs. Does Mexico have a solar market?

Mexico's solar market has experienced remarkable growth in recent years, becoming one of Latin America's most promising renewable energy destinations. With abundant solar resources and supportive government policies, the country attracted over \$6 billion in investments between 2023-2024.

Who makes the best solar panels in Mexico?

Profile: IUSASOL is a leading Mexican manufacturer known for its commitment to local production and affordable solutions. They offer good quality panels with shorter warranties. 10. Solartec Location: Puebla, Puebla, Mexico Products & Services: Monocrystalline and polycrystalline solar panels, solar systems, and technical support.

Why should you choose a solar panel manufacturer in Mexico?

Mexico's solar energy sector is experiencing rapid growth, driven by rising demand for clean energy and strong government support. As the country continues to embrace renewables, choosing the right solar panel manufacturer in Mexico has never been more crucial—whether you're a developer, distributor, or EPC contractor.

What is Mexico's solar industry like?

Mexico's solar industry offers tremendous opportunities for both international and domestic companies. While technology giants like First Solar and Maxeon lead in module production, specialized solution providers like Grace Solar have carved out significant market share with innovative tracking systems and mounting solutions.

## Solar power satellite factory in Mexico

---

### Wholesale Solar Power Satellite Manufacturer and Supplier, Factory

Sep 12, 2025 · Introducing a revolutionary product that could potentially change the way we harvest solar energy - the Solar Power Satellite, brought to you by Shandong Ronma Solar ...
