

# **Solar rooftop power generation system in Gothenburg Sweden**

## Overview

---

Solar power generation in Sweden is far from required capacity to help with transition towards 100% renewables in the power sector by 2040. Decentralized PV system attracts attentions given the conflicts.

Is distributed rooftop PV feasible in Sweden?

Distributed rooftop PV has big power potential but is limited by infrastructure. The system is economically feasible in Sweden but sensitive to market and policies. It provides a reference on urban PV integration for other high latitude areas. Solar power generation PV PV systems Ellevio charge fees for electricity consumption [öre/kWh].

How much solar power does Gothenburg have?

Seasonal solar PV output for Latitude: 57.7065, Longitude: 11.967 (Gothenburg, Sweden), based on our analysis of 8760 hourly intervals of solar and meteorological data (one whole year) retrieved for that set of coordinates/location from NASA POWER (The Prediction of Worldwide Energy Resources) API: Average 6.05kWh/day in Summer.

Do rooftop PV systems have power potential in Sweden?

According to the results, the rooftop PV systems do have considerable power potential in Sweden: annually more than 10 000 MW h with maximum PV installation and more than 9000 MW h with infrastructure limitations. The system contributes to renewable transition by reducing dependence on external grid that may come from fossil fuels.

Is rooftop solar power feasible in Sweden?

Yang et al. [ 14] evaluated rooftop solar potential at municipal and national level in a Swedish context and illustrated significant potential of solar power in Sweden. Similarly, the paper provided detailed research in generation and capacity while does not mention feasibility.

## Solar rooftop power generation system in Gothenburg Sweden

---

### Largest rooftop solar system in the Nordics to be built in Sweden

May 29, 2024 · The rooftop solar power system project development The project for the construction of the largest rooftop solar system in the Nordics will be carried out by Brion ...

### [Photovoltaics in Gothenburg , novotegra](#)

Nov 16, 2025 · Kv Smedjan in Gothenborg, a finalist for Sweden's Building of the Year award, needed a solar solution matching its architectural ...

### Potential of grid-connected decentralized rooftop PV systems in Sweden

Jun 1, 2023 · Solar power generation in Sweden is far from required capacity to help with transition towards 100% renewables in the power sector by 2040. Decentralized PV system ...

### [Solar PV Analysis of Gothenburg. Sweden](#)

Maximise annual solar PV output in Gothenburg, Sweden, by tilting solar panels 48degrees South. In Gothenburg, Sweden (latitude 57.7065 and longitude 11.967), solar power ...

### [Sweden Gothenburg Residential Solar Project](#)

This project is located in an ordinary residential area in Gothenburg, Sweden. It explores the potential of photovoltaic (PV) technology in the high-latitude regions of Northern Europe, ...

### [Swedish Researchers Develop Revolutionary ...](#)

Mar 7, 2024 · Researchers at Chalmers University of Technology in Gothenburg, Sweden, have achieved a groundbreaking milestone by ...

### [Potential of grid-connected decentralized ...](#)

Apr 20, 2023 · Solar power generation in Sweden is far from required capacity to help with transition towards 100% renewables in the power ...

## Swedish Researchers Develop Revolutionary Solar Energy Storage System

Mar 7, 2024 · Researchers at Chalmers University of Technology in Gothenburg, Sweden, have achieved a groundbreaking milestone by creating a solar energy capture and storage system ...

## [Photovoltaics in Gothenburg , novotegra](#)

Nov 16, 2025 · Kv Smedjan in Gothenburg, a finalist for Sweden's Building of the Year award, needed a solar solution matching its architectural ambition. Glacell Sverige AB partnered with ...

## [Largest rooftop solar system in the Nordics to ...](#)

May 29, 2024 · The rooftop solar power system project development The project for the construction of the largest rooftop solar system in the ...

## Potential of grid-connected decentralized rooftop PV systems in Sweden

Apr 20, 2023 · Solar power generation in Sweden is far from required capacity to help with transition towards 100% renewables in the power sector by 2040. Decentralized PV system ...

## Energy Production in the Heart of the City

The 210 modules of the SHARP series NU-AK300B are built on the roof of a historic building in the heart of Gothenburg. The house which was built in 1925 is six stories high and thus has ...

## Sweden Rooftop Solar Country Profile

Apr 15, 2024 · Scoring System This country profile highlights the good and the bad policies and practices of solar rooftop PV development within Sweden. It examines and scores six key ...

## **SOLAR ROOF**

Aug 17, 2025 · The objective of this report is to investigate the potential of solar energy generation on roofs in a small scale of 30 multi-family houses in Gothenburg. These buildings were ...
