

Stockholm solar energy intelligent control system supplier

Overview

Who makes swemodule solar modules?

Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process control, ensure maximum lifespan and the highest performance. Next generation goes of grid. Read about the fully solar-panel driven Villa.

Who makes solar modules?

Solar module factory with 120 MW capacity started by REC Solar in 2003. Since September 2016 owned by Renewable Sun Energy Sweden AB. It's one of the most modern and automated module production facility in Europe Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications.

Who is solarwork?

Solarwork is a dedicated provider of solar energy solutions, specializing in the installation of solar cell systems. They focus on delivering sustainable and cost-effective solar solutions, managing the entire process to help customers reduce energy costs while promoting environmental efficiency.

Who is Svea solar?

Svea Solar s aim is to make renewable energy easy and affordable Get to know us and how we contribute to reducing CO2 emissions! Solkompaniet is a leading service provider in Sweden, specializing in large-scale solar energy installations, both for rooftops and ground-mounted systems.
