

MODERNIZATION SOLAR

# US Wind and Solar Energy Storage Companies

## Overview

---

Do energy storage systems work with solar and wind?

In the growing world of energy storage, there are some companies whose individual stars have risen to the top; some of them have found creative and scalable storage systems to work in conjunction with solar and wind.

What are the world's largest battery storage projects?

The Hornsdale Power Reserve and the Victorian Big Battery are two of the largest battery storage projects in the world and were built by the French company Neoen, an independent renewable energy producer. Such projects demonstrate the promise of grid services offered by large storage solutions such as energy arbitrage and frequency control. 9.
