

MODERNIZATION SOLAR

Vietnam solar container substation style

Overview

What is container type unitized compact substation?

Container type unitized compact substation Container type unitized CSS compact substation is a complete type tested per latest IEC standard 62271-202 which is comprising a outdoor enclosure containing medium voltage (MV) switchgear, power or distribution transformers, low voltage (LV) switchboards.

What is a containerized mobile substation?

Containerized mobile substations are sheltered and address applications in challenging environmental conditions including areas of high pollution, and humidity. Customers requiring shorter overall delivery times and minimal on-site work have been the main drivers for Hitachi Energy's development of pre-fabricated indoor substations.

Why did Hitachi energy develop a pre-fabricated Indoor Substation?

Customers requiring shorter overall delivery times and minimal on-site work have been the main drivers for Hitachi Energy's development of pre-fabricated indoor substations. [Learn More.](#)

What is a skid-mounted substation?

Skid-mounted Substations offer fast and easy deployment, minimizing civil works as well as installation and commissioning effort on site. Containerized mobile substations are sheltered and address applications in challenging environmental conditions including areas of high pollution, and humidity.
