How are solar panels shipped?

Most solar panels are shipped via 20ft or 40ft containers. Depending on the quantity, you may choose between FCL (Full Container Load) or LCL (Less than Container Load). FCL: If you are importing a large number of solar panels, booking a full container is cost-effective and provides better security for your goods.

Are solar panels taxable?

Every country has different import regulations and duties for solar panels. It is important to understand the HS code (usually 854140) for solar panels and calculate the applicable import duties and taxes. In some countries, solar panels may be exempt from duties or taxed at a lower rate as part of renewable energy initiatives. 3.

How to import solar panels?

Ensure that the solar panels comply with the import regulations of your country. Check for necessary certifications such as CE, TUV, and UL to ensure the panels meet quality and safety standards. Non-compliant products may be refused entry or face penalties.
