

MODERNIZATION SOLAR

Which telecom PV sites are more common in Congo

Overview

Will Vodacom and Orange build a solar basestation in Congo?

Telecoms operators Vodacom and Orange have announced a rural infrastructure partnership in the Democratic Republic of Congo (DRC), pledging to jointly construct up to 2,000 new solar-powered basestations over the next six years.

What is Vodacom & Orange doing in Africa?

Vodacom and Orange have joined hands to form, a first of its kind, rural towerco partnership in Africa. Through this partnership, the companies will collaborate to build, own, and operate solar-powered mobile base stations in underserved areas of the Democratic Republic of Congo (DRC).

Does Vodacom have a 'towerco' partnership with orange?

Pan-African mobile operators Vodacom and Orange have announced a rural "towerco" partnership in the Democratic Republic of Congo (DRC), with the aim of providing better network coverage for rural areas.

Who is Vodacom Congo?

Vodacom Congo has been in operation for more than 21 years and at the end of September 2024 Vodacom had almost 22.5 million mobile users in the DRC. It has been expanding its fully solar-powered rural connectivity sites since 2013.
