

# **Wholesale of 50kW Mobile Energy Storage Containers in Australia**

## Overview

---

What is a battery energy storage container (BESC)?

We've partnered with specialist engineers to integrate advanced features such as explosive pressure vents, pressure release valves and a negative air unit. Storemasta's Battery Energy Storage Containers (BESC) offer an advanced, secure solution for housing your Battery Energy Storage System (BESS).

Why should you choose a container energy storage system?

Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable integration, backup power, and off-grid energy supply. Why Choose a Container Energy Storage System?

All-in-One Power Solution – Integrated battery storage, inverter systems, and control units in one secure container.

Will Australia's first energy storage system be operational by 2026?

EnergyAustralia is actively pursuing the development of Australia's first four-hour utility-scale battery, the Wooreen Energy Storage System, with a capacity of 350 MW, set to be operational by 2026 in Victoria's Latrobe Valley. This project highlights the company's commitment to advancing energy storage solutions.

Will Australia's first battery be 350 MW by 2026?

This project highlights the company's commitment to advancing energy storage solutions. EnergyAustralia has called for expressions of interest in the development of Australia's first four-hour utility-scale battery of 350 MW capacity by 2026 in Victoria's Latrobe Valley, which will be larger than any battery operating in the world today.
