

MODERNIZATION SOLAR

# Wholesale solar power station in Chicago

## Overview

---

Is Chicago a good place to install solar panels?

Chicago, located in Illinois, United States, is an excellent city for harnessing solar energy. Despite its reputation for cold winters, Chicago receives an average of 4.2 hours of peak sunlight per day. This makes it a viable location for solar panel installation.

Who are the best solar companies in Chicago IL?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Chicago, IL are All Energy Solar, RxSun, Certasun, Palmetto Solar, and Elav8 Consulting. How many solar companies are in Chicago, IL?

There are 8 solar companies in Chicago, IL on the EnergySage Marketplace.

How much does solar cost in Chicago IL?

The average price per watt of solar power in Chicago, IL is \$2.87/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$22,520 for a 11.21 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

How can I save money on solar panels in Chicago?

South-facing roofs with minimal shading are ideal for optimal sunlight exposure. Financial Incentives: Take advantage of federal, state, and local incentives and rebates available in Chicago to offset the cost of solar panel installation. These incentives can significantly reduce upfront expenses and improve the overall return on investment.
